

January 2019

**Year 11 Maths Support Workshop for Parents and Pupils**

Dear Parent / Carer

The key to success in GCSE Mathematics is regular and targeted practice. With this in mind and following parent and pupil requests, the Maths Department would like to invite you and your child to an evening Maths workshop. During the event we will talk in detail about the best ways to revise and practise maths work so that you can effectively support your child in their exam preparation. There will be worked examples and hands-on opportunities to work with our most effective resources, as well as finding out what the Maths department is doing to support your child's revision through intervention. Light refreshments will also be available. The revision workshop will take place at 6.00pm on Thursday 24 January in the Main Hall and last approximately one hour. Places are limited, so in order to secure a place for you and your child please complete the reply slip below and return to STUDENT RECEPTION no later than Friday 18 January.

Yours sincerely,

Mr D Carter

Vice Principal for Achievement
