How we evaluate the careers programme

Information regarding destination trends of our pupils is available on request from our Careers Leader. The information is reviewed at the end of each academic year and the impact of the programme is measured by the Trust in terms of pupils' destinations. The school monitors its provision through analysis of pupils' responses and satisfaction, Compass + and our destination data.

Provider Access Policy Statement

Under Section 42B of the Education Act 1997, as of 2 January 2018, we have a duty to provide pupils with access to providers of post-14, post-16 and post-18 education and training. This policy statement sets out how we manage access requests from these providers.

What are pupils entitled to?

Pupils must be allowed to:

- Learn more about technical education qualifications and apprenticeship opportunities, as part of a careers programme which informs pupils of the full range of education and training options available to them at each transition point.

- Hear from a range of local providers about the opportunities on offer, for example, technical education and apprenticeships – this can be achieved through options evenings, assemblies, group discussions, and taster events.
- Understand how to apply to the full range of academic and technical courses available to them.

What opportunities are provided to allow access to pupils?

Via our school careers programme, we offer providers numerous opportunities throughout the school year to speak to pupils and/or their parents. Providers can access students throughout the year through assemblies, the tutorial programme, PSHE lessons, business lunches, drop down days and parents information evenings. If a provider's course links directly to a curriculum subject there is also the opportunity to speak to students during a lesson time should the curriculum allow. We welcome prospectuses and we will hold copies in our careers room and make some available for students to take home.
