Lynn Grove Academy Provider Access Policy Statement (To include The Department of Education, July 2021: “Baker Clause” and the Provider Access Legislation, January 2023)

Rationale

High quality careers education and guidance in school or college is critical to young people's futures. It helps to prepare them for the workplace by providing a clear understanding of the world of work including the routes to jobs and careers that they might find engaging and rewarding. It supports them to acquire the self-development and career management skills they need to achieve positive employment destinations. This helps pupils to choose their pathways, improve their life opportunities and contribute to a productive and successful economy.

As the number of apprenticeships rises every year, it becomes increasingly important that all young people have a full understanding of all the options available to them post-16 and post-18 including wider technical education options such as T-Levels and Higher Technical Qualifications.

Commitment

Lynn Grove Academy is committed to ensuring there is an opportunity for a range of education and training providers to access pupils, for the purpose of informing them about approved technical education qualifications and apprenticeships. Lynn Grove Academy is fully aware of the responsibility to set pupils on the path that will secure the best outcome which will enable them to progress in education and work and give employers the highly skilled people they need. That means acting impartially, in line with the statutory duty, and not showing bias towards any route, be that academic or technical.

Lynn Grove Academy endeavours to ensure that all pupils are aware of all routes to higher skills and are able to access information on technical options and apprenticeships (The Department of Education, July 2021: “Baker Clause”: supporting pupils to understand the full range of education and training options, and the Provider Access Legislation, January 2023).

Aims

Lynn Grove Academy policy for access to other education and training providers has the following aims:

- To develop the knowledge and awareness of our pupils of all career pathways available to them, including technical qualifications and apprenticeships.
- To support young people to be able to learn more about opportunities for education and training outside of school before making crucial choices about their future options.
- To reduce drop out from courses and avoid the risk of pupils becoming NEET (Young people not in education, employment or training).

Pupil Entitlement

Lynn Grove Academy fully supports the statutory requirement for pupils to have direct access to other providers of further education training, technical training and apprenticeships. The school will comply with the new legal requirement to put on at least six encounters with providers of approved technical education qualifications or apprenticeships. This will be done in assemblies in school, careers events (including local external events) and National Careers Week, in addition to providers attending careers events at school.

Development

This policy has been developed and is reviewed annually by the Careers Leader and their Line Manager (Vice Principal) based on current good practice guidelines by the Department for Education.

Links with other policies

It supports and is underpinned by key school policies including those for Careers, Child Protection, Equality and Diversity, and SEND.

Equality and Diversity

Access to other providers is available and promoted to allow all pupils to access information about other providers of further education and apprenticeships. Lynn Grove Academy is committed to encouraging all pupils to make decisions about their future based on impartial information.

Providers will be met and supervised at all times by a member of school staff.
